

[illegible]

In embodiment a plastic sheet, made out of Food and Drug Administration (FDA) approved plastic, has a rectangular shape. The sheet is embossed shown as dots (some of which are numbered 101) on the figure. In one embodiment the sheet has a thickness of approximately 2.5 millimeters and approximately 15 inches by 20 inches in size which corresponds to the dimensions of a typical Sicilian pizza tray.

It is intended that the sheet by washable and reusable.

The drawing figure illustrates an embodiment of the present invention.

The present invention is intended to permit pizza makers to prepare non-circular dough and store and maintain such dough in advance of making non-circular style pizzas. One such non-circular style pizza is a Sicilian style pizza which is of a generally rectangular shape.
